

The Best Mexico Vacation Spots You're Missing Out On

Mexico's all-inclusive resorts are great—but let's forget about those for just a second. Yes, it's home to some of the world's best beaches, but this incredibly diverse country is more than just sun and sand: think towering mountains, steamy jungles, ancient ruins, rare mezcals, and some of the most delicious food anywhere, ever—all of which you'll miss out on if you stay cooped up at a spring break-style hotel.

So, where will your next trip to Mexico take you instead? While everyone else zigs to San Miguel de Allende and Mexico City, consider zagging to Zacatecas, San Cristóbal de las Casas, or one of Mexico's other lesser-hyped cities. Instead of Tulum or Los Cabos for your beach fix, why not kick it up a notch (or down, more accurately) with a visit to Sayulita, Mazatlán, Puerto Escondido, or any number of beach towns you've probably never heard of?

It may take more time and effort to reach these hidden gems, but that's exactly what makes them worthwhile. Here are just a few of Mexico's best—and most underrated—vacation spots.

Yelapa

Jalisco

When people <u>travel to Puerto Vallarta</u>, they hardly leave Los Muertos Beach. Little do they know, better beach-bumming is just down the coast. Hop in a water taxi or private boat for a 45-minute ride to this sliver of crowd-free, retro beach nirvana that hasn't been touched since the '60s. In Yelapa, there's only a handful of thatched-roof restaurants, beach bars serving cheap drinks, and a sprawling white sand beach that has a lounge chair with your name on it.

The one must-do thing: The point of Yelapa is to do nothing at all. Crack open a Pacifico at Angelina's and sway in a hammock under leafy palms.
