Hotel Hessischer Hof joins Preferred Hotels® & Resorts

Category: **Hotel** Created on Monday, 04 February 2013 16:05

Hotel Hessischer Hof has been accepted into membership of Preferred Hotels® & Resorts, the ultimate luxury collection featuring more than 250 of the world's most desirable destinations. The brand conveys the highest standards of hospitality and service as it celebrates the individuality of its members.

The Grandhotel Hessischer Hof is a true icon in Frankfurt. Open since 1952, with its 119 luxury rooms and suites as well as its nine unique event rooms, the luxurious 5-star property is the only privately run luxury hotel still owned by the family foundation of the landgraves and princes von Hessen. Located within walking distance of the city center, the property is also situated opposite the trade fair and congress halls of 'Frankfurt Messe', appealing to both business and leisure travellers alike.

Guests also have the option of indulging in the fine dining and haute cuisine of 'Restaurant Sèvres', rated as one of the best restaurants in the city. "As a new member with the Preferred Hotel Group, the only hotel of this brand in Frankfurt, we have more power to promote this unique and award winning hotel on new international markets. We are very much delighted to cooperate with this new quality label for our premium hotel," comments General Manager Eduard M. Singer.

Susan Devine, Executive Vice President Europe, commented on the new partnership: 'We are delighted and proud to welcome Hotel Hessischer Hof into our luxury portfolio, further cementing our position as leaders in the key cities throughout Europe'.

All Preferred Hotels & Resorts embrace the brand's award-winning Standards of Excellence™, an extensive quality assurance program that has been honored with the "Best Practices Champion Award" by Cornell University. For more than 40 years, the brand's legendary commitment to quality has ensured an unparalleled guest experience, from the very best amenities to superb service.
