

Great Agent Information On Gen Z, Plus News From Antigua, MSC, Carnival And More

The Leela Palace in Udaipur, India was recently voted best hotel in the world. It's a Preferred Hotels and Resorts property.

World's Number One Hotel

Preferred Hotels & Resorts, the world's largest independent hotel brand, is pleased to celebrate 28 member hotels within its global portfolio that have been recognized by Travel + Leisure's World's Best Awards 2019 including those that were named the #1 and #2 "Top 100 Hotels in the World" overall – The Leela Palace Udaipur and The Lodge & Spa at Brush Creek Ranch, respectively.

Celebrating its 10th anniversary this year, The Leela Palace Udaipur, located along India's pristine Lake Pichola surrounded by the majestic Aravalli Mountains, secured the coveted #1 spot on the "Top 100 Hotels in the World" list for its idyllic location,

prominent facilities, intuitive personal service, renowned dining, and commitment to providing enriching experiences.

Situated in Saratoga, Wyoming on 30,000 acres of pristine, Western landscape, The Lodge & Spa at Brush Creek Ranch was ranked #2 on the same prestigious list, recognizing the resort for its highly refined luxury dude ranch experience that places a strong focus on environmental sustainability. Both hotels, which are members of the Preferred Hotels & Resorts Legend Collection, continue to elevate their services and amenities to surpass the shifting needs of luxury travellers around the globe.

Other hotels represented within the brand's Legend collection to make the "Top 100 Hotels in the World" list include The Leela Palace New Delhi in India (#31); Montage Kapalua Bay in Maui, Hawaii (#63); Post Ranch Inn in Big Sur, California (#84); Montage Los Cabos in Mexico (#95); and The Temple House in Chengdu, China (#96).

On a related note, Anguilla was ranked #1 island in the Caribbean, Bermuda and Bahamas in the 2019 Travel + Leisure World's Best Awards. The Island was also claimed the #6 position on the Top 15 Best Islands in the World list.
