Be here now

La Jolla, San Diego

This time last year, when all at *World Traveller* were pondering where to spend our summer vacations, it was suggested, with more than a hint of reluctance, by our roving reporter Mark that we head to the US to a little town called La Jolla in San Diego. It was suggested reluctantly because La Jolla was a secret he had kept to himself for many a year – a secret he deemed far too good for sharing. We took Mark's advice, checking into La Valencia Hotel (pictured), better known locally as The Pink Lady. This storied, charming and immensely characterful hotel is celebrating its 90th anniversary in 2017 and provides the perfect base from which to explore all of La Jolla's natural charm; its sapphire blue ocean, swaying palm trees, colony of seals and proud, friendly community which warmly welcomes visitors to share in its little slice of American paradise by the sea. Go see for yourself. Just don't tell Mark we shared his secret. preferredhotels.com
